

# INSTRUCTIONS FOR INTEGRATING BLUOR E-COMMERCE GATEWAY WITH WOOCOMMERCE

[www.bluorbank.lv](http://www.bluorbank.lv)

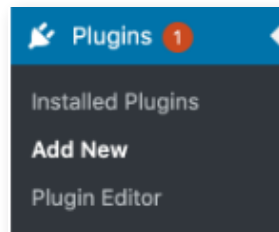

## STEP-BY-STEP INSTRUCTION

Compatible with WooCommerce versions: 3.5.0 – 4.1.1

1. Download BluOr E-commerce Gateway plugin from:  
[https://gateway.bluorbank.lv/e-commerce\\_modules/woocommerce-v3.5+.zip](https://gateway.bluorbank.lv/e-commerce_modules/woocommerce-v3.5+.zip)
2. Log into your WooCommerce store admin panel by specifying authentication credentials.

3. Open the **"Plugins"** -> **"Add new"** section.

4. Press the **"Upload Plugin"** button and select BluOr E-commerce Gateway plugin file downloaded in Step 1, then press **"Install Now"**. In rare cases, e.g. if your server is not configured to allow automatic installations, you may need to install the BluOr E-commerce Gateway plugin by manually transferring BluOr plugin files onto the server.

5. Press **"Activate"** button to activate the installed BluOr E-commerce Gateway WooCommerce plugin.

- Find BluOr E-commerce Gateway plugin, and press the **"Settings"** link.

Enter the Brand ID and Secret key. You can use the **"Brand ID"** and **"Secret key"** from the Merchant's cabinet at <https://gateway.bluorbank.lv/>. After entering the values, do not forget to check the **"Enable API"** checkbox and save the settings page.

- Go to your WooCommerce store's checkout page and check that BluOr payment method is available. It's advisable to test the BluOr integration by using a real card.
